Board Review  
Course & Update

Dear Colleagues,

On behalf of ASN, we are pleased to invite you to register for the Board Review Course & Update (BRCU) 2024 in Chicago on Sunday, July 21 through Tuesday, July 23. BRCU brings together on-demand lectures and interactive, in-person sessions where you will network with expert faculty and other nephrologists studying for the board exam. Lectures with audience response questions, case discussions, and exciting educational games will test and improve your knowledge base throughout the three days in Chicago. An estimated 50 hours of on-demand lectures will be made available in early July, so you can begin studying prior to the in-person sessions. After attending in-person sessions, you will have access to the course materials for up to three years.

We have worked to bring together an impressive and diverse group of nephrology experts to provide a comprehensive review of the most important kidney topics. Throughout the course, you will experience updates on emerging information that you can utilize in your practice and on the boards. This course aims to provide you with a convenient way of keeping your knowledge up to date, along with preparing you for your initial or recertification examination.

We are very excited about this new model and hope that you can join us in methods of learning that go beyond the lecture format.

If you cannot join us in Chicago, BRCU 2024 Online, which will include select in-person recorded sessions, will be available in mid-August.

Sincerely,

Laura J. Maursetter, DO, FASN  
BRCU Education Co-Director

William Luke Whittier, MD, FASN  
BRCU Education Co-Director

Samira S. Farouk, MD, MS FASN  
BRCU Education Deputy Co-Director
